

Noti.Rosco

Rosco is a collection of modular sofas, armchairs and pouffes designed for flats. The horizontal form of low backrests, together with the flawlessly fitting cushions, is a distinctive feature of the collection. The shape of the cushions provides not only comfortable back support, but also a wide array of possible arrangements, as the cushions can be moved and rotated. Additionally, the variety of modules ensures the freedom to compose our own configurations of lounge sets. All modules are placed on steel loop legs which complement the form of each Rosco piece.

The collection is supplemented by coffee tables with modern design, characterised by 6 cm wide loop legs and frame protruding outside the tabletop. These distinctive details add definition and sharpness to the design.

In 2020, Piotr Kuchciński designed a new base for Rosco sofas, placing them on subtle metal legs which make the collection visually light.

Technical description

Furniture

Base	Stainless or painted steel skids, painted steel legs
Seat	PU foam
Construction	Plywood, rubber and webbing upholstery tapes
Finishing	Fabric, leather
Tables	
Elements	Stainless or painted steel legs
Table	Painted MDF
